

Handicap race 12th April 2011 ó Shipley park course

The Handicap Run on the new course went ahead with 12 runners but in fact wasn't handicapped and instead had a mass start. The new course was every bit as challenging as the on road one and was well received, thanks to Mick Andrew for mapping it out.

The best performances of the night go to Joanne Daykin and Ian Beresford who have both shown significant improvement since the on-road events.

Well done to all who raced and hopefully we'll see some more out at next month's event
